

South View Community Primary School

Rules for Responsible Use of the Internet

Our school has computers with internet access which our children regularly use to help their learning.

These rules will help to keep us safe.

- ❖ I will only use my class login and password.
- ❖ I will not access other people's files.
- ❖ I will only use the computers for schoolwork and homework.
- ❖ I will not bring in CDs or memory sticks into school without permission from my teacher.
- ❖ I will ask permission from a member of staff before using the internet.
- ❖ I will only email people I know, or my teacher has approved.
- ❖ The messages I send will be polite and sensible.
- ❖ I will not give my home address or phone number to anyone without my parents or teachers permission.
- ❖ I will not arrange to meet anyone I have met on the internet.
- ❖ To help to protect us all, I will tell a teacher if I see anything I am unhappy with.
- ❖ I understand that the school can check my computer files and the internet sites that I visit.
- ❖ I understand that if I deliberately break these rules, I could be stopped from using the internet or computers.

South View Primary School

Parent's Statement

As the parent/Carer of _____

I acknowledge that I have read the rules for responsible use of the internet and have discussed it with my child. I understand that this access is designed for educational purposes. I recognise that every effort will be made to monitor and restrict access to all controversial materials. I further acknowledge that, whilst questionable materials exist on the internet, the user must actively seek it and therefore is ultimately responsible for bringing such material into the school. I therefore do not hold the staff, head teacher, or governors of South View Primary School responsible for any such materials acquired from the internet.

My child may use the internet as part of their educational studies.
